The Director

GACarver, Jr.

Attached is a cable which may be discussed at your meeting, and hence one of which you should be aware. This is the result of last Monday's non-group discussion and the Wednesday non-gropp meeting I attended on your behalf.

I specifically requested that my name not appear on the official text and was promised it would not appear. Unfortunately, however, it does show in the "Drafted by" box. The last sentence of the cable's para 3 relates to the same topic as the final para of the memo you and George discussed yesterday. This sentence (which I composed) was inserted at Governor Harriman's specific direction, endorsed by Katzenbach.

Special Assistant for Vietnamese Affairs
